Art. Story. Healing. Equity.

OVERVIEW

[note: schedule is subject to change.]

adé PROJECT: Art + Wellness Weekend is an intentionally curated space dedicated to furthering wellness, building community, and connection in Asheville. We are artists. We are healers. We are community leaders. And collectively, we have a vision and hope for healing + equity in the place we call home, and we seek to do that through art + story.

LOCALE

All events, unless noted otherwise, will take place at the **YMI Cultural Center (YMICC), 39 S. Market St, 28801**. We are honored and proud to occupy this space in THE BLOCK, a historic African-American business and residential district, at risk of erasure by gentrification. Art is our response. Arrive early to allow time to park!

WHO SHOULD ATTEND

Artists, healers, changemakers, musicians, educators, youth, families, community members, leaders + others all welcome! Questions? Childcare, accessibility, or interpretation needs? Please ask in advance on tix page - theadeproject.eventbrite.com

[ADV. RSVP REQ]

Daniway Yoga & Wellness, Daniele Martin

july 28.

While Asheville is definitely a yoga dense city, there are few instructors, practitioners and/or healers of color in this small mountain city. To that end, in collaboration with Asheville Yoga Festival, Transformation Yoga + Daniway Yoga & Wellness, we are creating an opportunity for visiting yoga and martial arts instructors to share their gifts with the community here by engaging in a conversation on healing as POCs.
